

A Letter from South Africa

(Continued from Page 1, Column 3)

thick lips as European but the government is under the impression that an Identity Card with a W for white on it makes them European. Just as a Jew sails under 'white' colors when in point of fact he is Asiatic and all the legislation in the world cannot make him white. They are Khazars and hail from Central Asia, of Mongoloid extraction.

There is terrifying evidence that the Jew enemy has infiltrated into every sphere of our national life. Our libraries abound with books written by Jews, and they are, of course, pro-Negro and anti-Christian. They have had their evil finger in our children's text books; they hold sway at our universities; they control most of our municipalities, the dental and medical associations, all newspapers, periodicals; in fact it is correct to say we have nothing left that we can call our own. It is a classic case of the "stranger getting up very high and we have become the tail and they have become the head" just as our Lord warned us in the Bible, which should be our guide. We have disobeyed **HIS LAWS** at our peril!

Just as you, our brother Americans, have had Bible reading and prayers outlawed in your Christian schools, so the very same enemy has been at work here. They have made a good start by approaching the administrator of the Cape a Mr. N. Malan, to alter the Oath of Allegiance.

This is the oath taken by our Christian school children at all flag raising ceremonies, they stand to attention at the foot of the S.A. Flag and they repeat the oath, which **WAS** . . . "Conscious of my duty towards God and my country" . . . the new oath . . . "Conscious of my duty towards my country." . . . the name of **God left out!** Never has such a thing happened in South Africa before and in the Government Educational Gazette where notice of this alteration is to be found the administrator makes the following remarks . . . and I quote . . . "The oath has now become more moving, simpler and stronger." May God forgive him!

Of course there is no mention of the identity of the people who approached him to do this evil thing, he only says: "I have been approached to alter the Children's Oath of Allegiance" but you can surely guess who. I have made it my business to approach many school masters who say that it was not done by them, and they deplore it, but have to abide by the administrator's decision. I even showed this evidence of the Communist Jew at work to Dr. Vorster who is the prime minister's brother and the leader of the Dutch Reform Church. He professed to be horrified and had no idea it had happened. I gave him all the evidence and he promised to do something about it. That was nearly six years ago! He even refuses now to return the evidence although it can be found in the archives of the Provincial Administration (unless these copies have been destroyed). But of course it can be verified from any headmaster at any school.

I continually harassed this man Malan all through his office, by sending letters and telegrams demanding he put the name of God back where it belongs. I have had no reply, but it did end up in my being called to the office of the attorney general and being asked in a nice way "To leave the big men alone" and that "Malan was thinking of suing me for libel." To this I replied: "Libel is not libel until proved to be a lie and I will never stop until the Honor of God has been revenged and His name put back where it belongs."

I was told by the advocate concerned that he thought I would say this and would inform them. I cannot be frightened in this way; it would give me the greatest pleasure to get up in court and tell this land what this evil man has done without consulting Christians. Now Dr. Vorster seems to think I am his enemy because I tell him the truth and avoids me at all so-called anti-Communist meetings. What a hypocrite! A drawing room fighter! They will be required to answer in the end. These professional anti-

Communists are not really fighting Communism; they only go so far but not the whole hog, don't mention the Jew, that would be anti-Semitic.

We once had a fine chief of security who told the people that the Jews were behind Communism and provided the leadership and finance, but what happened to him? He was made to get up on a public platform within less than twenty-four hours and apologize to Jews for daring to tell the truth! We also had another very fine chief of security who also knew it all, but he died young! He was a danger to the Jews because he knew who the murderer of our dear Dr. Verwoerd was (with my help) . . . certainly not a Greek!

I could tell so much more and also how this family has suffered for knowing the truth and daring to expose it. We sacrificed our livelihood for our political beliefs. Every door in business was shut to my husband after being turned out of Jewish employment after fifteen years. Our car was taken away after my highly intelligent husband had made almost half a million for the Jew. He was even blackmailed by the same Jew — "If you ever get up on a platform and say you were sacked for your political beliefs" those were the words. We were almost starved out, until I brought it to the notice of Dr. Verwoerd who employed my husband in the newly started Immigration Dept.; but it doesn't stop the Jews, one of whom tapped him on the shoulder one dark and early morning in the docks saying: "Don't think you are safe . . . we will get you yet." You see the Jews have it all worked out. If my husband cannot earn a living that will stop me, as I write a small leaflet each month on Jewish activities in our land and elsewhere. I have even been phoned by a leading Jew now dead, chairman of the Nationalist Party in the suburbs, "Wouldn't you like a nice trip around the world Mrs. . . .? You can have it, if you will stop your activities." Needless to say I told him to join his father the devil. I have even been set upon at political meetings by separating me from my husband and trying to run me down with a fast moving car, not one but two. A threat of violence from a member of the Hagana gang (there were three members running around this republic at the time of Dr. Verwoerd's death) "that they would get me next" and called me a "B . . . German B." But I am not German but was born in England in East Anglia where the true Anglo-Saxons come from!

Perhaps I should have mentioned that we now have a new Administrator of the Cape to whom I have also appealed regarding the new oath for school children, but it took me three telephone calls to ask why I have had no acknowledgement or the common courtesy of a reply, plus a second letter, all sent registered post. I then received an acknowledgement in the curtest terms, but perhaps one should not be surprised at this as the very first duty allotted to our new administrator, on the first day of his new office on a Monday morning was a visit to the Great Synagogue of Satan in Cape Town, and a large front page picture in the Jew papers of him leaving the synagogue and shaking hands with the newly installed rabbi !!!

Government departments are not safe from infiltration of the Jew either; they hold high positions, or perhaps I should say "key" positions in the air force, army, post office, railways, radio, etc. My own son, who is employed by the Railways Administrative Center in Cape Town, finds that he is obliged to pay into a medical fund with no freedom to contract out, and a panel of doctors provided for the different suburbs where ever one lives, but we have found to our cost that we cannot use these doctors. On this panel are 43 Jew doctors and only eight Afrikaans Christian doctors who are not available in the district that we reside in, so my son must pay twice for his medical attention, as it is against our Christian religion to allow Jews over the threshold of our home and certainly not to attend to us in times of sickness. On bringing this to the attention of the minister concerned, plus the railway's system manager,

plus numerous others in positions of authority, we are informed that nothing at all can be done to right this wrong, although they themselves see nothing wrong in forcing an alien influence into a Christian home. Could you imagine the outcry if the position were reversed and they forced a Christian doctor on a Jew employee ? ? ?

I think I have brought to the notice of our fellow Americans that the pattern for world takeover is the same every where, perhaps the timing is a little different. They have one last bastion to overcome in this country and that is the Afrikaaner. They are now making an all out "attack" upon these people. The Jews are allowing a few of them to take very high positions with enormous salaries. Of course you know they work through these "Christian fronts." They get them to issue statements to the Afrikaaner people on how they must be more "liberal" and "tolerant" and must make friends with the enemy and love everyone! As the churches have never informed either the Afrikaaner or the English as to who they really are, and who the Jews really are, and that Jesus was not a Jew or any of His Disciples or any of His people, there is much blindness and confusion.

The Jews have now brought out a magazine called **BUURMAN** (meaning neighbor) to consolidate the Jews and the Afrikaaner people as brothers and to impart more "understanding" of the Jews! Of course they fall for this in a big way with the help of all the Judas goats at the head of Afrikaans newspapers, and Afrikaans University professors, etc., who write articles for the magazine.

There is also a new organization being formed by an Afrikaans Advocate called **The Friends of Israel Society!** I am enclosing a copy of what this poor blind dupe has to say. It almost makes one vomit! Since the death of Dr. Verwoerd there has been a creeping relaxation of Apartheid; it was obvious to enlightened people, people who understand the working of the Illuminati, that Verwoerd must go and it was myself that warned him of this fact, only six weeks before the assassination (which I could write a book about). Verwoerd would not give one inch but since his death many yards have been given at our peril!

OUR PEOPLE WILL BE DESTROYED FOR LACK OF KNOWLEDGE !!!

Be Sure to Read YOCKEY: FOUR ESSAYS

A collection of his shorter works: "Tragedy of Youth," "Prague Treason Trial," "Destiny of America," and "World in Flames." These long-suppressed manuscripts provide a startling insight into the philosophical and intellectual development of Francis Parker Yockey. Beginning with a title penned when he was twenty-two years of age, ending with the prophetic "World in Flames," printed weeks before his death in 1960, we see at work a mind always in firm grasp of world-historic realities.
